

## **BETH-EL FARMWORKER MINISTRY**

For 39 years Beth-El Farmworker Ministries has been a source of encouragement and assistance to the farm working community of Southwest Florida. We are presently seeking financial assistance to help us continue our ministries. In recent years the demand for our services has increased while annual giving has decreased. Our food pantry alone feeds approximately 1,600 people a week. For more information on our ministry or how you can become involved, please call us at 813-633-1548 or email [kathy@beth-el.info](mailto:kathy@beth-el.info). Thank you always for your continued prayers and support.
